Reference letter, to whom it may concern...

We - Damen Shipyards Hardinxveld - confirm that over the last 5 years the company A-SPE Polska have been our regular supplier of IMO Safety Signs and Pipe Marking Tapes.

As we are satisfied with both the quality of the products as well as with the service which has always been punctual. A-spe is always willing to help us out when we need products that are not in their usual collection. We would strongly recommend their products and services to other companies which may require this type of products.

Sincerely yours
Joost Hazelhorst
Purchaser
